**Data Directory**

DBFS

Introduction to DBFS

Working with DBFS Root

Mounting ADLS to DBFS

Databricks Cloud

Databricks Filesystem - DBFS

A distributed file system abstraction on top of scalable cloud storage integrated into a Databricks workspace and available on Databricks clusters.

Databricks Notebooks	Databricks CLI	Databricks API

DBFS
Mount as: /mnt/data

Azure Blob

ADLS Gen2

Azure Databricks
Platform Architecture
